OUR HEALTH & SAFETY MEASURES

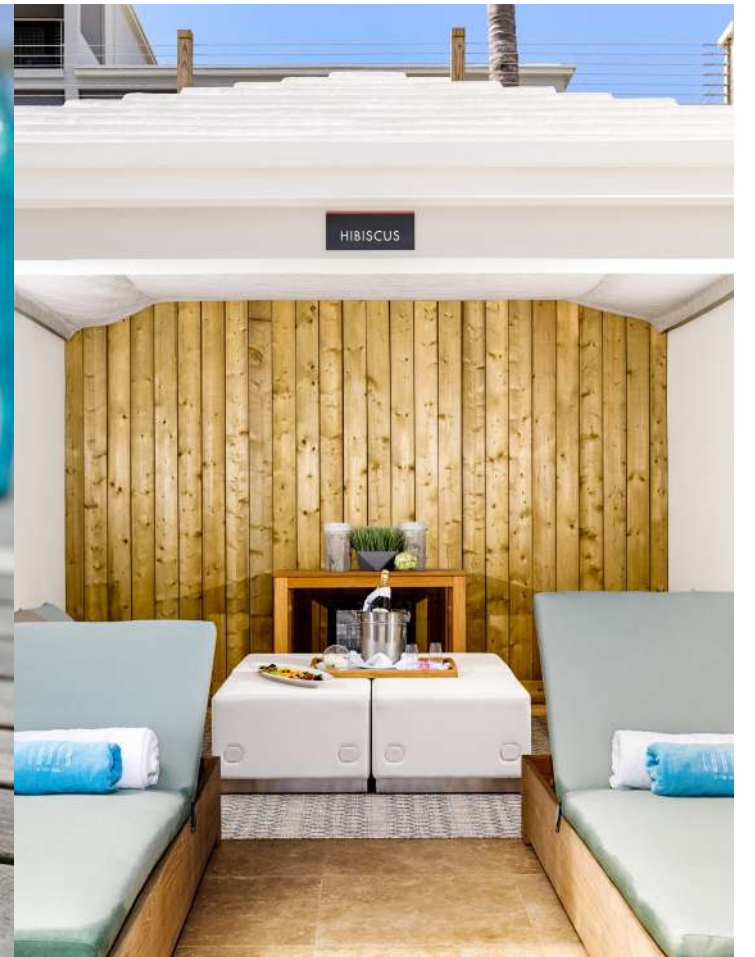

In these uncertain times, please know our commitment to the health & safety of our Guests and Employees, remains our number one priority. Our Hotel Management Team continues to monitor the evolving impact of COVID-19 and are remaining open within the strict guidelines provided by the Government of Bermuda & the World Health Organization.

IN RESPONSE TO COVID-19, WE HAVE IMPLEMENTED THE FOLLOWING MEASURES AT THE LOREN:

1. A dedicated employee is specifically assigned to intensify the cleaning regimes throughout those high touch and traffic areas.
2. All members of staff have been fully trained on the key preventive actions and the new procedures implemented in order to ensure your safety.
3. Enforced new uniform standards for all employees: masks and gloves are worn at all times. In addition, Housekeeping Personnel wear full PPE throughout their shift.
4. Increased deployment of antibacterial hand sanitizers throughout the property.
5. Implemented a CDC-approved spray down process on all departure rooms, utilizing EPA approved sanitizing detergents throughout the rooms. All parts of the room, paying extra attention to those high-touch points, are sprayed down and thereafter deep cleaned again before the next arrival.
6. Increased the frequency of cleaning public areas, as well as enhanced our cleaning regimes based on the training and certification all staff have undergone.
7. Infrared thermometers are used on site and all incoming employees will have their temperatures checked upon arrival.
8. Our Sisley Spa, fitness center, restaurants, pool, and beach facilities will reopen in line with the Government guidelines.
9. Increased employee awareness of COVID19 symptoms, aggressive hygiene, and enhanced operating/cleaning protocols, including training regimes.

Create unforgettable moments together at The Loren.
